Early Learning Station Preschool Programs

The Early Learning Station program promotes an environment that fosters critical thinking, problem solving skills, and social development taught through alphabet and seasonal themes. This allows the child to grow in self-confidence, independence and security along with instilling a love of learning. Qualified experienced teachers instruct the programs. Sign up early, classes are limited to allow for a low student-teacher ratio. Children must be toilet trained prior to the first day of class. Sessions are divided according to age. Child should be 3 or 4 years old by September 1, 2007. A specially designed hands-on curriculum includes:

Phonics & Reading **Art & Craft Projects**
Math & Science Projects **Educational Field Trips**
Computer Centers **Music & Movement**

Unique features include use of Exploration Station... a children's museum and Perry Farm Park.
